

Promoting safety for people and property

THE PEOPLE AND TOOLS YOU NEED TO MINIMIZE LOSSES

PROTECTING
THE GREATER
GOOD.

Identifying opportunities

Looking for opportunities to improve safety and the awareness of potential losses is key to effective risk control. Church Mutual risk control consultants will help you evaluate every aspect of your organization to isolate potential threats to personal safety and property, including risks you may have never considered before. With expert recommendations and effective resources, your organization can be in a safer position ... to serve the greater good.

Protecting those you serve, employees, visitors and property is a vital responsibility. As your insurer, Church Mutual is focused on sharing that responsibility with you, knowing that instituting an effective risk control program is the best way to help prevent risk-related losses. Our collaborative approach ensures that your unique needs can be addressed.

A value-added element of your policy

As a Church Mutual policyholder, you have access to our risk control consultants, services and tools, including safety literature, videos and web seminars — invaluable resources at no extra charge to you. Partnering with our insureds to nurture safer environments is one way Church Mutual maintains long-term relationships with organizations like yours.

PROTECTING YOU

Keeping you safe and protecting your property is not just an insurance transaction to the more than 1,000 employees who work at Church Mutual. Sure, it makes good business sense to help you minimize losses, but it's also the right thing to do. We truly care about our policyholders' well-being and the good work they do. We call it, *"Protecting the Greater Good."*

Our exceptionally knowledgeable risk control consultants offer expertise in identifying exposures related to:

- ^ **Employee safety**
- ^ **Liability evaluation**
- ^ **Property protection**
- ^ **Fire prevention**
- ^ **Building valuation**
- ^ **Automobile fleet practices**

Risk Control Central

If you have a safety question or need reference materials, our risk control consultants are available via phone or email. We'll research your issue and respond with action-oriented best-practice suggestions quickly and accurately.

Providing analysis, assistance and advice

ON-SITE CONSULTING

Our risk control consultants will provide valuable, expert perspective and suggestions on potential safety improvement. Consulting services include:

- ▲ Thorough, in-person analysis of your facility
- ▲ Identification of hazards to people and property
- ▲ Interviews with key people to discuss your concerns and review our safety enhancement recommendations
- ▲ Presentations

SAFETY COMMITTEE CONSULTATION

A safety committee brings together the right people to drive a proactive safety culture. Whether you already have a safety committee or would like to put one in place, we can:

- ▲ Attend and participate in meetings
- ▲ Review existing forms and committee functions
- ▲ Identify improvement opportunities and provide best-practice recommendations
- ▲ Provide safety tools, such as checklists, in-service training and presentations

REPLACEMENT COST VALUATIONS

Establishing replacement cost values helps you select the right level of building coverage. We take the time to measure, analyze and evaluate your facilities before recommending building replacement cost value. As a result, you'll have the information you need to help ensure you are covered in case of a loss.

ERGONOMIC EVALUATIONS

The potential for workplace injuries is particularly evident in maintenance, food service, caretaking and administrative environments. We help you "fit the work to the worker" to minimize risk. This includes:

- ▲ Ergonomic assessments and workstation adjustments
- ▲ Training to help you recognize and control ergonomic risk factors
- ▲ Development of an ergonomic program

LOSS ANALYSIS

Identifying claims patterns can help break the cycle of recurring losses. Our risk control consultants will examine the type, frequency and severity of your claims, and they will discuss with you specific loss control services that can help you make long-term improvements.

SAFETY MATERIALS

Our risk control experts are available to you for advice on maintaining a safe work environment. In addition, we offer informative videos and brochures at no cost. Topics and resources include:

- ▲ Workplace safety
- ▲ Workstation ergonomics
- ▲ Self-inspection safety checklist
- ▲ Preventing foodborne illness
- ▲ Employment law tips
- ▲ Safety posters and checklists
- ▲ How to file a claim

Put our longstanding reputation to work for you

Church Mutual Insurance Company is a leading commercial property and liability insurance company serving religious institutions of all denominations, public and private K-12 schools, colleges and universities, senior living facilities, camps and conference centers throughout the United States. We offer commercial property and liability insurance including multi-peril, workers' compensation and commercial auto insurance.

Church Mutual was founded in 1897 and has enjoyed steady, stable growth for more than a century by providing our policyholders with much more than an insurance policy. More than 1,000 employees strive each day to help you prevent losses and to resolve claims as efficiently as possible so that you can return to your valuable work as quickly as possible. We call it, "Protecting the Greater Good."

It's a philosophy that has helped us achieve:

- ▲ **An A (Excellent) Rating from A.M. Best Company**
- ▲ **The prestigious Ward's 50 Top Performing Property and Casualty Insurers award**
- ▲ **A Top 10 ranking in the Benchmark Portal Top 100 Call Centers**

As a mutual insurance company, Church Mutual Insurance Company is solely owned by you — our policyholders — not stockholders. That's why protecting you and the greater good means so much to us.

This literature contains only illustrative information about available coverages and is not a policy or contract. Refer to your Church Mutual insurance policies for complete descriptions of coverages, limitations and exclusions. Some coverages are not available in all states.
