We continually seek to help minimize risk for our policyholders. In fact, we employ a dedicated team of risk control consultants who are experts when it comes to employee safety, liability evaluation and property protection. Our risk control consultants provide on-site consultations, building valuations, loss analysis, phone or email consultations and more.

In addition, Church Mutual customers have access to our full range of specialized safety materials, including videos, webinars, brochures, posters, safety checklists and Risk Reporter newsletters. In the spirit of service and Protecting the Greater Good®, we provide resources to help our policyholders protect their employees, visitors and property.

Depending on account size, the following services are available and customizable to fit your needs:
